

Steps to Retrieve an Encrypted Email

As part of our ongoing commitment to you, CohnReznick uses a service called Proofpoint to encrypt sensitive emails to ensure your data remains secure. You can follow these steps to retrieve encrypted emails sent to you from CohnReznick.

Account Registration and Logging into Proofpoint

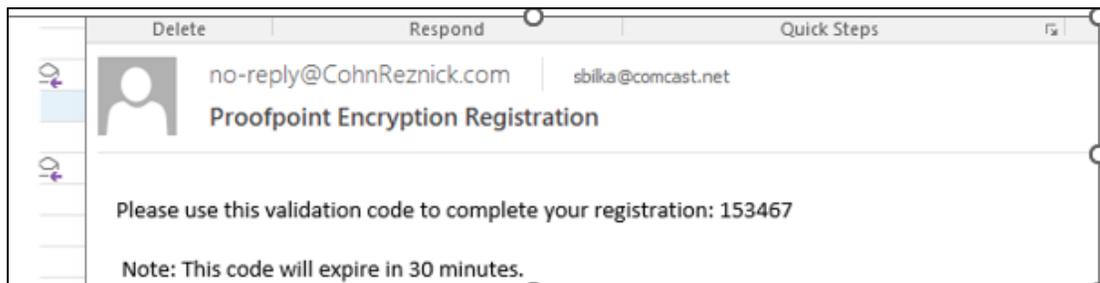

The first time you receive an encrypted email using Proofpoint, you will need to register and sign up for an account.

1. Upon clicking on an encrypted link, you will be redirected to the registration screen. Enter your information to register with Proofpoint.

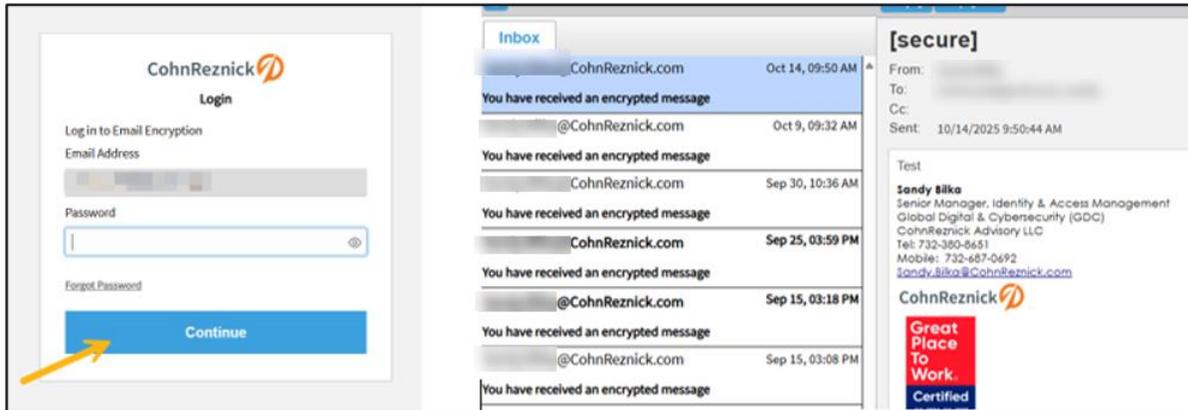

Click here'. A 'Validation Code' field is present. A blue 'Continue' button is at the bottom, with a yellow arrow pointing to it." data-bbox="175 238 496 571"/>

2. After clicking on the link, you will also receive a validation code in your email (this will confirm your identity). Enter this code in the final sign-up step.
 - Example of the email message you will receive:

From: Today
no-reply@CohnReznick.com Proofpoint Encryption Registration Mon 9/15/2025 3:10 PM

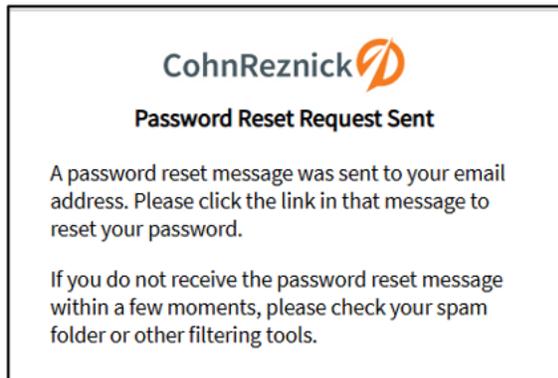

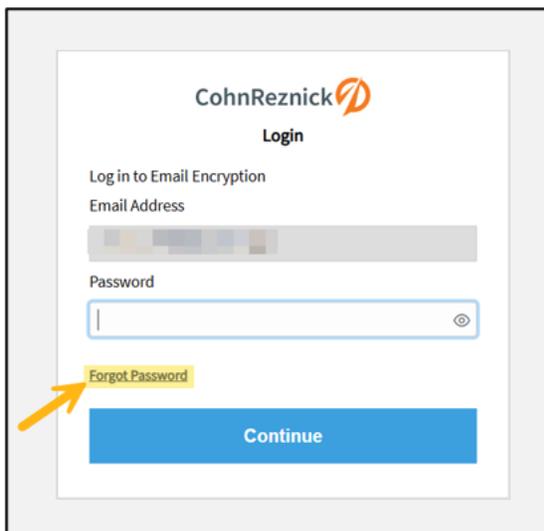

- Once you successfully register with Proofpoint DLP, you can login and view the secure message. *Please note: The encrypted message may take 60-90 seconds to become available.*

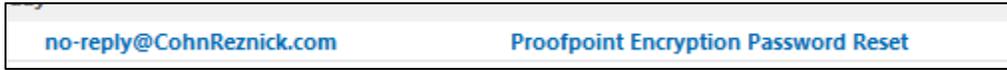

Forgotten Password

- If you forget your password, select “Forgot Password” and you will receive the below message.
Note: Your password must be 12-20 characters long, include at least one digit (0-9) and Include at least one symbol (!, @, #, \$, etc.)

- You will also receive the following email. Click on the link in the email to be redirected to a password reset screen.

- Enter a new password and click continue. You will then be redirected to the encrypted email message.
